

LEAN SIX SIGMA ONLINE YELLOW BELT

Business Improvement and Six Sigma made simple

The PMI Online Lean Six Sigma Yellow Belt is an accessible way to learn about the tools, methods and benefits of business improvement, Lean and Six Sigma. Delivered over 33 online modules, it is the ideal way to introduce and share knowledge of what's involved in a Six Sigma initiative. Each tool is explained individually in a self-contained e-Learning module illustrating the key theories using real-life examples.

Who is it for?

The course takes users around the entire PMI Improvement Cycle – our proven methodology for business process improvement - and is designed for anyone at any level of the organisation interested in business improvement.

How does it work?

The e-Learning is available to access via the PMI online Learning Management System (LMS) or it can be installed on your own systems if you have a learning management system in place. Purchase to suit your own requirements, from one “off the shelf” copy to deploy immediately to multi-user corporate licences and even customised versions for your business improvement programme.

33 Modules each lasting around 10 minutes

Over the 33 modules users gain an appreciation of the following tools:

- **Process Performance:**
Flowcharts, 5S, Lean Wastes, Measures, Histograms, Control Charts, Capability, Value Stream Mapping
- **Project Definition:**
Chartering, Forming Teams and SIPOC
- **Investigating Root Causes:**
Cause/Effect, Pareto, Scatter Diagrams, 5 Whys
- **Remove Waste from the Process:**
5Rs, Flow and Pull, Work Balancing
- **Test and Study Potential Solutions:**
