OVERVIEW

Welcome to The Mandatory Training Group's online Legionella Awareness training course for all sectors (legionnaires disease awareness training course). All our online training courses, programmes and qualifications are accredited by the CPD Certification Service (CPDUK).

Legionellosis is a collective term for diseases caused by Legionella bacteria, including the most serious Legionnaires' disease, as well as the similar but less severe conditions of Pontiac fever and Lochgoilhead fever.

Legionnaires disease is a potentially fatal form of pneumonia, and everyone is susceptible to infection. People contract Legionnaires' disease by inhaling small droplets of water (aerosols), suspended in the air, containing the bacteria.

Who is the course for?

This online Legionella Awareness training course is suitable for anyone in charge of premises (known as the duty holder) no matter how big or small the premises and regardless of the number of people present. This includes all employers, self-employed people and anyone else in control of premises, such as landlords and letting agents.

Landlords must be aware of the dangers of legionella and ensure a risk assessment is done to keep their tenants from harm. This course provides details on how to carry out a risk assessment and explains what should be included so that you have an awareness of how to identify legionella hazards and react appropriately.

Course aims

This online Legionella Awareness training course aim to help duty holders to understand more about their legal responsibilities, and the health risks created by legionella bacteria, so that a risk assessment can be done and suitable control measures can be implemented.

Learning outcomes

The learning outcomes of this online Legionella Awareness training course are to:

- Understand where legionella bacteria come from, how people develop legionnaires' disease and how it affects their health,
- Understand their legal responsibilities in regards to preventing and monitoring legionella,
- Know the environments where legionella bacteria are commonly found,
- Know how to carry out a risk assessment to identify and control the hazards,
- Have an awareness of the control measures that can be used to reduce the risks from legionella, and
- Understand the importance of continually monitoring, reviewing and updating the legionella control measures.

What is covered in this course?

This online Legionella Awareness training course includes the following:

Accredited Training Courses, Programmes and Regulated Qualifications

“Reed is the largest platform for jobs, recruitment and courses in the UK. The Mandatory Training Group is one of our most trusted providers of continuing professional development (CPD) programmes and regulated qualifications. They have provided us with a wide range of learning materials ranging from soft skills, personal development, health and safety, among others. These courses help many job seekers to improve their skills and comply with the current UK and European laws”.

Mansh Bhatti, Reed Courses, London, UK

“When we set up our business, we were looking for a reliable training provider for the healthcare multi-disciplinary team (MDT). We worked with The Mandatory Training Group to establish our training needs for each group of professionals. Their experience was invaluable, helping us to design new courses and assessments to meet the commissioners' and regulatory requirements”.

Anne Joy, OSD Healthcare, Hemel Hempstead, UK

Healthcare choice for **everyone** **Statutory and Mandatory Training for Healthcare Providers**

“All our senior clinicians were delighted with the delivery of the mandatory training courses. They found the course leaders to be very flexible with allocating more time to certain areas at request. The course contents that LearnPac had designed were tailored to our workforce, which helped them improve their understanding of the subjects. The application of legislative concepts to practice was excellent”.

Sophie Hartley-Jones, OneHealth Group, Sheffield, UK

Online Training and Development for the Public Sector

“We work with various public sector organisations. Statutory and mandatory training is essential for all our placements. We used LearnPac for the blended learning environment they provide for our staff. The online statutory and mandatory training courses adequately meet our regulatory requirements. LearnPac's learning management system enabled us to manage our learners and quickly sort out compliance for our workers. The flexibility of pricing and meeting our needs with the mandatory training was beneficial.”

David Sanchez, Eden Brown Synergy, London, UK

Blended Train the Trainer Courses for Healthcare Providers

“We were looking to provide resuscitation and first aid training for clinical and non-clinical staff internally. The Mandatory Training Group stood out because they provide comprehensive blended learning solutions. Our internal trainers and facilitators were able to complete the theory training and assessments in advance. The practical sessions were packed with meaningful activities throughout the day. The lead trainers also helped us to complete training needs assessments”.

Kate McLoughlin, Nuffield Health, Bournemouth, UK
