Who is the course for?

This comprehensive online Manual Handling of Objects training course was developed for people whose job roles involve the manual handling of objects. Moving and handling is a crucial part of the working day for most employees; from moving equipment, laundry, catering, supplies or waste to assisting residents in moving. Poor moving and handling practice can lead to back pain and musculoskeletal disorders, which can lead to the inability to work.

Course aims

The aims and objectives of this online Manual Handling of Objects training course are:

- To provide a clear understanding of the legislation regarding moving and handling,
- To help learners understand the risks of poor practice,
- To provide an awareness of recommended ergonomic techniques to minimise manual handling injuries in practice,
- To inform learners how to carry out manual handling tasks safely,
- To learn how to improve manual handling techniques, and
- Move and handle loads safely and be able to conduct a personal manual handling risk assessment.

Learning outcomes

The learning outcomes of this online Manual Handling of Objects training course include:

- Knowing the anatomy of the spine,
- Understanding the causes of back pain,
- Knowing what needs to be done before returning to work,
- Awareness of moving and handling assessments,
- Familiarising with manual handling legislation,
- Principles of safer moving and handling,
- Unsafe systems of work,
- Safe use of moving and handling equipment, and
- Manual handling risk assessment.

What is covered in this course?

This Manual Handling of Objects e-learning course covers the following:

- An introduction to the fundamental principles of moving and handling,
- An overview of why ergonomic moving and handling is essential,
- What the law says about moving and handling,
- The actions that organisations should take to promote a safer workforce (organisational responsibilities),
- Individual responsibilities concerning moving and handling (personal duties),
- Definition of manual handling,
- Why we need to understand how our spine and back work,
- An awareness of the most common moving and handling injuries,
- How healthcare workers can promote healthy back care,
- Recommended ergonomic approaches to risk assessments (LITE/TILE),
- Other moving and handling risk factors,
- The principles of safer moving and handling of people,
- Actions to take following a moving and handling risk assessment:
 - The Health and Safety Executive's (HSE) 'Numerical Guidelines for Lifting and Lowering Loads',
 - The Health and Safety Executive (HSE) guidelines for handling while seated, and
 - The Health and Safety Executive (HSE) pushing and pulling guidelines.
- Key things to remember when team handling, and
- Moving and handling information sources (online manual handling learning resources).

Why is this online Manual Handling of Objects training course essential?

Manual handling is a vital part of the working day for most employees; from moving equipment, laundry, catering, supplies or waste to assisting residents in moving.

Poor moving and handling practice can lead to:

- Back pain and musculoskeletal disorders, which can lead to the inability to work,
- Moving and handling accidents – which can injure both the person being moved and the employee
- Discomfort and a lack of dignity for the person being moved.

You must take action to prevent or minimise the risk of injury. The most common injuries carers experience are back injuries. Injuring your back will limit your movement and your ability to care for someone. It could take a long time for you to recover. Lifting someone incorrectly can also damage fragile skin, cause shoulder and neck injuries, increase existing breathing difficulties, or cause bruising or cuts.

Clinical Commissioning Group

Counter Fraud, Bribery and Corruption Training for NHS Providers

"NHS City and Hackney Clinical Commissioning Group (CCG) is an NHS organisation led by local GPs. The Mandatory Training Group provided us with tailored courses focussing on tackling fraud, corruption and bribery for all our staff across various sites. The e-learning courses helped us to meet statutory and regulatory requirements".

Harriet Griffiths, NHS City and Hackney CCG, London, UK

Accredited Training Courses, Programmes and Regulated Qualifications

"Reed is the largest platform for jobs, recruitment and courses in the UK. The Mandatory Training Group is one of our most trusted providers of continuing professional development (CPD) programmes and regulated qualifications. They have provided us with a wide range of learning materials ranging from soft skills, personal development, health and safety, among others. These courses help many job seekers to improve their skills and comply with the current UK and European laws".

Manish Bhatti, Reed Courses, London, UK

"When we set up our business, we were looking for a reliable training provider for the healthcare multi-disciplinary team (MDT). We worked with The Mandatory Training Group to establish our training needs for each group of professionals. Their experience was invaluable, helping us to design new courses and assessments to meet the commissioners' and regulatory requirements".

Anne Joy, OSD Healthcare, Hemel Hempstead, UK

Healthcare choice for **everyone** **Statutory and Mandatory Training for Healthcare Providers**

"All our senior clinicians were delighted with the delivery of the mandatory training courses. They found the course leaders to be very flexible with allocating more time to certain areas at request. The course contents that LearnPac had designed were tailored to our workforce, which helped them improve their understanding of the subjects. The application of legislative concepts to practice was excellent".

Sophie Hartley-Jones, OneHealth Group, Sheffield, UK

Online Training and Development for the Public Sector

"We work with various public sector organisations. Statutory and mandatory training is essential for all our placements. We used LearnPac for the blended learning environment they provide for our staff. The online statutory and mandatory training courses adequately meet our regulatory requirements. LearnPac's learning management system enabled us to manage our learners and quickly sort out compliance for our workers. The flexibility of pricing and meeting our needs with the mandatory training was beneficial."

David Sanchez, Eden Brown Synergy, London, UK

Blended Train the Trainer Courses for Healthcare Providers

"We were looking to provide resuscitation and first aid training for clinical and non-clinical staff internally. The Mandatory Training Group stood out because they provide comprehensive blended learning solutions. Our internal trainers and facilitators were able to complete the theory training and assessments in advance. The practical sessions were packed with meaningful activities throughout the day. The lead trainers also helped us to complete training needs assessments".

Kate McLoughlin, Nuffield Health, Bournemouth, UK
