The CPD Certification Service

OVERVIEW

Welcome to The Mandatory Training Group's online Appreciative Inquiry training course. All our online training courses, programmes and qualifications are accredited by the CPD Certification Service (CPDUK).

Organisations can be thought of as a living being made up of the individuals working within it. Appreciative Inquiry can change the whole organisation by changing the people. Through positive questioning, employees will be directed to move in a positive direction. Recognising the strengths and values of what works, as opposed to what's wrong will transform the individuals and in turn, transform the organisation.

Appreciative Inquiry is a shift from looking at problems and deficiencies and instead focusing on strengths and successes. It is a tool for change, and it will strengthen relationships throughout your business. Through best practices and positive stories, your participants will transform your organisation.

Why is this online Appreciative Inquiry training course essential?

Appreciative Inquiry (AI) is a change management approach that focuses on identifying what is working well, analysing why it is working well and then doing more of it. The basic tenet of AI is that an organisation will grow in whichever direction that people in the organisation focus their attention, thus if they focus on success, then the business will succeed.
