## OVERVIEW

Welcome to The Mandatory Training Group's online Multi-Sensory Impairment training course for front-line healthcare and social care providers. All our online training courses, programmes and qualifications are accredited by the CPD Certification Service (CPDUK).

Sensory impairment is when one of the senses; sight, hearing, smell, touch, taste and spatial awareness, is no longer normal. If one wears glasses, they have a sight impairment, and if one finds it hard to hear or have a hearing aid, then they have a hearing impairment.

A person does not have to have a full loss of a sense to be sensory impaired. However, these impairments may affect many aspects of their lives. Our multi-sensory impairment training courses were designed to give learners a broader awareness of these problems so that they are better able to support them.

Healthcare choice for **everyone** **Statutory and Mandatory Training for Healthcare Providers**

*“All our senior clinicians were delighted with the delivery of the mandatory training courses. They found the course leaders to be very flexible with allocating more time to certain areas at request. The course contents that LearnPac had designed were tailored to our workforce, which helped them improve their understanding of the subjects. The application of legislative concepts to practice was excellent”.*

Sophie Hartley-Jones, OneHealth Group, Sheffield, UK

Online Training and Development for the Public Sector

*“We work with various public sector organisations. Statutory and mandatory training is essential for all our placements. We used LearnPac for the blended learning environment they provide for our staff. The online statutory and mandatory training courses adequately meet our regulatory requirements. LearnPac’s learning management system enabled us to manage our learners and quickly sort out compliance for our workers. The flexibility of pricing and meeting our needs with the mandatory training was beneficial.”*

David Sanchez, Eden Brown Synergy, London, UK

**Blended Train the Trainer Courses for Healthcare Providers**

*“We were looking to provide resuscitation and first aid training for clinical and non-clinical staff internally. The Mandatory Training Group stood out because they provide comprehensive blended learning solutions. Our internal trainers and facilitators were able to complete the theory training and assessments in advance. The practical sessions were packed with meaningful activities throughout the day. The lead trainers also helped us to complete training needs assessments”.*
