

## INTRODUCTION TO ADOBE PHOTOSHOP

ONE DAY COURSE

Course Code: APS01

Learn key Adobe Photoshop skills at our London design studios. This ten hour Adobe Photoshop course will enable you to gain an understanding of the powerful image and photo editing capabilities of Adobe Photoshop. During this one day course your Adobe certified expert tutor will introduce you to the most important Photoshop tools and explain the key concepts of non-destructive digital image editing.

### Content

The course covers the following application functions

- » File sizes and file formats
- » Image input and output
- » Colour theory
- » Introduction to the Toolbar
- » Palette management and Screen real estate
- » History Palette and Undoing Actions
- » Navigation shortcuts
- » Working with Selections
- » Enhancing or correcting an Image
- » Painting and Retouching Images
- » Adding type to an image
- » Working with Layers
- » Masks and Channels
- » Applying Effects using a Gradient Mask
- » Creating special effects with filters
- » Web graphics

### Requirements

Our Introductory Adobe Photoshop course is ideal for beginners. No existing knowledge of Adobe Photoshop is required; just basic PC or Mac skills. If you already have a basic understanding of Adobe Photoshop, why not attend one of Platform's other Photoshop courses? We also offer intermediate and advanced courses as well as One-to-One training.

Class size **max 6 students** | **10am - 4pm** | **Price £170.00**

### Learning Outcomes

Completing this Adobe Photoshop course will enable you to do the following and more

- » Understand differences between image file types and when to use them
- » Understand the concepts of non-destructive image editing
- » Confidently work with multiple Photoshop layers
- » Re-size, crop and export images
- » Format and optimise images for web & social media use
- » Produce banner ads for web advertising
- » Create special effects using filters
- » Add text to your images
- » Perform substantial image corrections and enhancements
