

INTERMEDIATE ADOBE PHOTOSHOP

TWO DAY COURSE

Course Code: APS02

Our intermediate Adobe Photoshop course builds on what you have learnt during our Introduction to Adobe Photoshop short course or your existing basic understanding of Photoshop. From our Central East London design studios, Platform's experienced tutors will guide you through powerful Photoshop tools and effects. On this 2 day course you'll learn how to work with professional design techniques such as multiple layers, how to use layer masks, smart objects and sophisticated filters. Photo-editing techniques include retouching and repairing, image correction and montages.

Content

The course covers the following application functions

- » Working with Smart Objects
- » Navigation Shortcuts
- » Working with Selections
- » Enhancing/correcting an Image
- » Layers
- » Working with Masks
- » Painting and Retouching Images
- » Working with Multiple Layers
- » Using Textures and Imported Graphics
- » Creating Stunning Special Effects with Glows and Filters
- » Design Page Layouts
- » Artwork for Print and Web
- » Adobe Bridge
- » Automation

Requirements

Our Intermediate Adobe Photoshop course is ideal for Photoshop users who would like to broaden their knowledge of the application's powerful features. Platform also offers an introductory short course in Adobe Photoshop and an advanced short course. It is also possible to arrange one-to-one tuition in Adobe Photoshop with one of Platform's skilled and highly experienced tutors .

Learning Outcomes

Completing this course will enable you to

- » Improve your workflow
- » Create complex multi-layered montages
- » Repair and retouch photographs
- » Effectively use Adobe Bridge
- » Use Layer Masks
- » Batch process multiple images
