STUDYING WITH US

We believe that personal development is important for everyone and by studying an accredited course you will:

- Raise your commercial awareness
- Gain accredited transferable skills
- Broaden your perspective within your area to access emerging practice
- Offer added value through your extended skills and knowledge
- Enhance your CV, for current and future careers

We also understand that it's not always possible to "drop" everything to study. This is one of the reasons we created our own Virtual Learning Environment (VLE). By taking a course online you are able to:

- Study in your own time
- Study at your own pace, to your own schedule
- Study anywhere (you can study online, save the documents to your PC, or print them)
- Receive timely, expert tutor support
- Take advantage of a cost-effective way of gaining professional recognition

We understand that the thought of studying alone can be daunting. However, it need not be. Studying with us means you will never be alone. We are on hand to provide guidance with all aspects of your course. This starts with providing advice, if you need it, on selecting the right course and units for you, continuing with our ongoing expert tutor support all the way through until you finish your course.

Our VLE is simple and intuitive to use, with full instructions on how to use it under the Help section on the VLE. However, if you do need any technical assistance, our friendly and knowledgeable technical support is on hand to help you.

This briefing document provides you with all the information you need to know about getting started studying with us. It also contains contact information for us, should you have any questions or require any assistance.

We look forward to you studying with us.
