Computer Maintenance Training

⇒ Course 01: Building Your Own Computer

- Module 01: Introduction to Computer & Building PC

- Module 02: Overview of Hardware and Parts

- Module 03: Building the Computer

- Module 04: Input and Output Devices

- Module 05: Software Installation

- Module 06: Computer Networking

- Module 07: Building a Gaming PC

- Module 08: Maintenance of Computers

⇒ Course 03: PAT Level 4

- Module 01: Introduction to PAT
- Module 02: Relevant Statutory Provisions for PAT
- Module 03: Risk Assessment
- Module 04: Reducing and Controlling Risks
- Module 05: Electrical Units and Appliance Classification
- Module 06: Initial Visual Examination
- Module 07: Instruments for Testing and Equipment Inspection
- Module 08: Electrical Installation Testing
- Module 09: Safety Precautions in Electrical Testing
- Module 10: Reporting and Record-keeping

⇒ Course 05: Internet of Things

apexlearning

learn anytime, anywhere

⇒ Course 06: Network Security Level 2

- Security and Risk Management

- Asset Security

- Security Engineering

- Communication and Network Security

- Identity and Access Management

- Security Assessment and Testing

- Security Operations

- Software Development Security

⇒ Course 07: Cyber Security Level 3

- Module 01: Getting Started
- Module 02: Cyber security Fundamentals
- Module 03:Types of Malware
- Module 04: Cyber Security Breaches
- Module 05: Types of Cyber Attacks
- Module 06: Prevention Tips
- Module 07: Mobile Protection
- Module 08: Social Network Security
- Module 09: Prevention Software
- Module 10: Critical Cyber Threats
- Module 11: Defense Against Hackers
- Module 12: Closing

apexlearning

⇒ Course 08: CompTIA PenTest+ (Ethical Hacking)

- Section 01: Introduction

- Section 02: Planning and Scoping

- Section 03: Surveying the Target

- Section 04: Select Your Attack Vector

- Section 05: Selecting Pen Testing Tools

- Section 06: Reporting and Communication

⇒ Course 09: Functional Skills IT

- Section 1: Introduction

- Section 2: Information Technology

- Section 3: Components of IT

- Section 4: Hardware

- Section 5: Operating System

- Section 6: Application/Software

- Section 7: Networking

- Section 8: Security

- Section 9: Traffic Flow & Enterprise Level IT Components

- Section 10: Storage

- Section 11: Database

- Section 12: Virtualisation & Cloud

- Section 13: Management & Other IT Jobs

apexlearning

⇒ Course 12: The Complete Microsoft Outlook Masterclass

- Module 01: You can Master Microsoft Outlook

- Module 02: Getting Started with Outlook

- Module 03: File Menu

- Module 04: Home –New Email in Outlook

- Module 05: Home – New Appointment

- Module 06: Home- New Meeting

- Module 07: Home- New Contact

- Module 08: New Task

- Module 09: Home other Functions

- Module 10: Send and Receive

- Module 11: Folder

- Module 12: View and Help

- Module 13: Options

- Module 14: Security Is Everything

- Module 15: Conclusion

apexlearning

⇒ Course 13: Advanced Electrical Safety

- Module 1: Safety Precautions

- Module 2: Direct Current

- Module 3: Alternating Current

- Module 4: Voltage and Resistance

- Module 5: Capacitance and Capacitors

- Module 6: Working Safely with Electrical Equipment

- Module 7: Electrical Incidents

- Module 8: Risk Assessment

- Module 9: Reducing and Controlling Risks

- Module 10: Combined Inspection and Testing

apexlearning

⇒ Course 14: Creativity and Problem Solving Skills

- Module 01: Getting Started

- Module 02: The Problem Solving Method

- Module 03: Information Gathering

- Module 04: Problem Definition

- Module 05: Preparing for Brainstorming

- Module 06: Generating Solutions (I)

- Module 07: Generating Solutions (II)

- Module 08: Analyzing Solutions

- Module 09: Selecting a Solution

- Module 10: Planning Your Next Steps

- Module 11: Recording Lessons Learned
