We start with an overview of **what sales management is** - and what its requirements are.

Then we explain **what makes a sales team effective** - in other words, what you should be looking for.

Next, you'll learn **how to structure a star sales team**, using one of the models we outline, tailored to your own situation.

We then give you a **five step process** for making sure the structure you adopt is the right one, before finishing with a lesson on **managing Hunters and Farmers** - those two very different, but essential, personalities in your team.
