IOSH Managing Safely

- 
Identifying Hazards
 This is where all main issues of any operation are tackled - everything from entrances and exits, to work traffic, to fire, to chemicals, electricity, and so much more are discussed.

- 
IOSH
 The IOSH Managing Safely eLearning course is designed to get you the results you need and in the shortest time possible.

- 
Assessing Risks
 Risk assessments and a simple scoring system are introduced in this module, and delegates are given the chance to execute both.
